

budget-pyramids-luxor-hurghada-10-days

The full Cairo-Luxor-Hurghada route, at our most accessible price

From: 1339 USD per person

Overview

This is the value version of our classic Cairo-Luxor-Hurghada route: the same overnight train and coach connections, the same major sites, and a generous 4 nights in Hurghada with a desert safari and a full scuba diving day both included - just at a lower price point than our other packages covering similar ground, with a larger group size to keep costs down.

Every night on land is spent in a boutique guesthouse - modest outside, comfortable and characterful inside - with a professional Egyptologist guide throughout.
