

cairo-luxor-hurghada-9-days

The unhurried version - two full Hurghada adventure days, not just one

From: 1065 USD per person

Overview

This is the longer sibling of our 7-day Cairo-Luxor-Hurghada package, with two extra days that turn Hurghada from a quick stopover into its own real chapter of the trip - a full desert safari day and a full Red Sea snorkeling day, rather than squeezing both into one afternoon. Cairo and Luxor are covered the same way: an overnight sleeper train south, both banks of Luxor, then a coach ride to the coast.

Nights on land are spent in boutique guesthouses - modest outside, comfortable and characterful inside - with a private Egyptologist guide in Cairo and Luxor.
