

hurghada-luxor-aswan-3-days

One private car, three cities - Hurghada, Luxor and Aswan, no flights involved

From: 450 USD per person

Overview

For travelers based on the Red Sea coast who want to see Upper Egypt without booking a flight or a Nile cruise, this 3-day loop covers Luxor and Aswan entirely by private car, with a stop and overnight in each before returning to Hurghada. It's built around the same route real operators run as a single 12-hour day trip from Hurghada to Luxor - we simply add an overnight stay and extend it on to Aswan rather than turning straight back.

Two nights are spent in boutique guesthouses - modest outside, comfortable and characterful inside - with the same private car and driver, and an Egyptologist guide, for the whole loop.
