

marsa-alam-luxor-aswan-3-days

One private car, three cities - Marsa Alam, Luxor and Aswan, no flights involved

From: 470 USD per person

Overview

For travelers based in Marsa Alam who want to see Upper Egypt without booking a flight or a Nile cruise, this 3-day loop covers Luxor and Aswan entirely by private car, with an overnight stay in each before returning to the coast. It's built around the same route real operators already run as a single 12-hour day trip from Marsa Alam to Luxor - we simply add an overnight stay and extend it on to Aswan rather than turning straight back.

Two nights are spent in boutique guesthouses - modest outside, comfortable and characterful inside - with the same private car and driver, and an Egyptologist guide, for the whole loop.
